RULES AND REGULATIONS

Adopted by the Board of School Trustees, March 7, 1889.

1. The Library and Reading Rooms shall on all secular days be open and free to all citizens from 9 A. M. to 12 M., 1:30 to 5:30 P. M., 7 to 9 P. M. Closed on Friday after 5:30 P. M.
2. The Librarian shall have charge of the Library and Reading Rooms, and the books and other public property therein. He is responsible for the safety of such books and property, and for the preservation of order in this department.
3. The use of tobacco, loud conversation, or other conduct inconsistent with the quiet and orderly use of the Library or Reading Rooms, is prohibited. A neglect to comply with this regulation will cause the parties so doing to forfeit their right to use the same.
4. Residents of New Albany are entitled to the use of the books of the Library upon complying with the rules and giving satisfactory security in the form prescribed by the Board.
5. Persons not actual residents of New Albany may be allowed, by consent of the Board at a regular meeting, upon the recommendation of the Librarian, the temporary use of the Library.
6. Upon the request of the chairman of the Library Committee, the Board, or any member thereof, may permit persons engaged in original research, with a view to publication, to use temporarily any work or more than one volume at a time, under such restrictions as the Board may prescribe.
7. Each person permitted to take books from the Library will be supplied with a card inscribed with the name and residence. If this residence is changed, immediate notice must be given to the Librarian; and neglect to give this notice will subject the card-holder to forfeiture of the card.
8. The holder of the card is entitled to one volume, which may be retained two weeks and be renewed once only for the same period; application for renewal must be made within the first fourteen days. The card only need be returned for that purpose.
9. After one renewal no book can be taken out again by the same borrower, or by any member of the same household, until it has remained upon the Library shelves for twenty-four hours, not counting days when the Library is closed.
10. The Librarian may recall any book from a borrower for the violation of any of the rules of the Library, upon the written authority of the President of the Board.
11. Encyclopedias, dictionaries, and other works of reference, and such others as may be considered by the Library Committee to be unsuitable for general circulation, can be used only in the Library building, except as heretofore provided.
12. All injuries to books beyond reasonable wear, and all losses, shall promptly be made good to the satisfaction of the Librarian.

13. Any one withholding a book beyond the period limited in these rules shall be fined three cents for each day overtime, counting only the days when the Library is open, and no other book shall be issued to such person until the fine is paid.

14. Books held in violation of the rule, after proper notice to the delinquent, will be sent for, and to the fine will be added the expense of collecting and serving notice. No book will be lent to the delinquent until such fines or charges are paid.

15. If any book is not returned within one month from the time of serving notice, the Librarian shall proceed, through the city attorney, to collect the value of the book with accrued fines, and other charges to date of payment.

16. The Library Committee, of which the Librarian shall be *ex-officio* a member, shall have charge of the selection of books for purchase, and will be notified from time to time by the Board of the amount to be expended for that purpose.

17. Any person may present a list of books for the consideration of the Library Committee, and a record will be provided at the Library in which the names of such books may be entered.

18. Donations of books, pamphlets, and periodicals, especially of a local character, will be thankfully received and acknowledged by the Librarian.

19. These regulations are subject to alteration, amendment, or revision at the pleasure of the Board.

EXPLANATIONS.

This catalogue contains all books in the Library to October 1, 1890, and covers about 5,400 volumes.

The entries are arranged upon the "special dictionary plan," the authors, titles, and subjects being mingled in one general alphabet.

The first word of each entry is given in **black type**; SMALL CAPITALS indicate the treatment of the previous word as a subject.

AUTHOR entries. Books are entered under the names of the authors when known; under the pseudonyms or assumed names of the writers when the real names are unknown.

TITLE entries are made under the first word of the title not an article. A few works are also entered under the "catch title," that is, the title is so transposed as to bring the most prominent word first. For example: *Missions, a short history of.* Geo. Smith. Edinburgh, 1884. 102,F. The fullest particulars concerning any book are given under the title entry.

SUBJECT entries. As far as practicable, books are entered under the *special* subject which they treat, broad generalizations and minute subdivisions being avoided. The prefix M', Me, or Mac is treated uniformly as though written Mac. In English, compound surnames are entered under the first part of the name.

A single dash indicates the omission of the preceding heading; subsequent dashes, the omission of subordinate headings. An italicized name within parenthesis following the name of an author, is the pseudonym of such author: as Clemens, Samuel Langhorne (*Mark Twain*).

In the shelf-numbers a star (*) denotes that a work so marked can be taken out only by permission of the Librarian.

Acknowledgment is due the Indianapolis Public Library for the use made of its catalogue in the compilation of this work.

Librarian.
